QUARTERLY REPORT

25X1

PAR 212

26 Feb 65

SUBJECT: Color Acquisition System Review Study

TASK/PROBLEM

1. Investigate color photography as a possible anticipated intelligence medium. Investigation should cover the capability of present and possible future acquisition systems in an attempt to predict future requirements to support exploitation and data reduction of the collected color photographic intelligence material.

DISCUSSION

2. Activity has been low during the quarter. Only two items have been pursued:

a. A series of four briefing aid designs was prepared and submitted for customer approval.

b. An interim report was initiated.

PLANNED ACTIVITIES

3. Write and issue an interim report. This action may be modified by customer interests affecting the possibility of future high altitude color acquisitions.
